

Nail the Basics Pack

1. Simultaneous Equations
2. Prime Factors, LCM/HCF
3. ALL Indices
4. Pythagoras
5. RA Trigonometry
6. Standard Form
7. Two Way Tables (worded)
8. Reverse Percentages
9. Other Percentages – profit etc.
10. Interior and Exterior Angles
11. Box Plots & Frequency Polygons
12. Basic Equations of lines
13. Probability Trees
14. Plotting Quadratics/Cubics
15. Operations with Fractions

Advanced Pack

1. Advanced Trigonometry
2. Reverse Mean
3. Equation of Lines advanced
4. Upper and Lower Bounds
5. Similarity incl Area and Volume
6. Enlargement – negative fractional
7. Functions
8. Compound Units
9. Histograms
10. Recurring decimals to fractions
11. Iteration
12. Completing the Square
- 13.
