Dear Applicant

I am delighted that you are hoping to join the team at Hoe Valley.

I joined as a governor just over a year ago and I remain excited about the future of this school. I came on board because of the passionate and committed approach that was evident in everyone I met, from the classroom to the governors' table. As a young school established by parents just a few years ago and driven enthusiastically and professionally by the Head Teacher and her leadership team, it was clear to me that the students of all abilities were deriving considerable benefit from a personalised curriculum and an ethos that helps them to emerge as well rounded and confident young adults.

The school enjoys excellent grounds and facilities, which serve to support a vibrant atmosphere. Above all, however, the most important aspect has been the ever improving quality of the team that has been assembled as the school has grown since the arrival of its first cohort, which graduated just this summer. I have been struck by the number of people who have told me that Hoe Valley is a great place to work. We naturally place expectations on those who join us, but there is great satisfaction in achieving our goals and making a real contribution and difference in taking the school forward.

The school's future is what we all as a team make of it. We want to welcome people who can work hard, help us to achieve our vision for it and enjoy genuine personal development and fulfilment at the same time.

Yours faithfully

Simon Baker

Chair of Governors
